

NACE CALGARY SECTION NEWS

News about corrosion and the corrosion industry produced quarterly for members of NACE International in the Calgary area

Golf and Annual Dinner a winning combo!

This year's NACE Calgary Annual Golf Tournament got rained out and was rescheduled for September 25 which turned out to be a beautiful sunny day. Our 192 golfers had a great time.

It was decided to combine the Golf Tournament and Annual Dinner this year, and so service award winners were invited to participate in the golf.

NACE International Vice President Sandy Williamson presented the service award and annual sponsor recognition plaques.

25 years of service:

Glenn Becker
Ana Benz
Clarke Cherniwchan
EC (Ted) Hamre
David Hennerbichler

35 years of service:

Leslie Cermak
Patrick Teevens
A big thank you to all of our sponsors who made this event affordable. See page 5 for our sponsor list.

The winning team:
DJ Mulholland, Jeff Crabbe,
Glen Grundberg, Trevor Kleijnen

Pat Teevens (L) was honored at the Annual Dinner for 35 years of service with NACE Calgary Section.

CORROSION 2016 March 6-10 Vancouver BC

The world's largest corrosion conference and exposition, **CORROSION 2016**, is returning to **Canada** after 30+ years.

This not to be missed event will include more than 6,000 corrosion engineers, scientists, researchers, technicians, asset owners, inspectors, and other professionals from over 60 countries around the world.

The Conference includes: 15 unique industry and technology tracks, 400+ exhibiting companies, and a host of networking events to connect with peers, colleagues, industry experts and new acquaintances from all over the world.

Visit the conference website for more information and to register...

A big thank you to all of the great sponsors who made this event affordable! The golf sponsors are listed on page 5 of this newsletter.

Message from the Chair

After a break over the summer months, the NACE Calgary Executive Committee reconvened in September 2015, to discuss and plan for future technical lunches, tradeshow and other events over the next 12 months.

Below are some highlights from our meeting...

- We added three new Executive Committee members and made a few organizational changes to the committee.
- Our membership is constantly increasing and it is currently at 984 members.
- NACE Calgary section will continue to help the Student Section to host monthly technical talks at U of C and SAIT and to organize industry/lab tours for students.
- We are re-designing the NACE Calgary website and plan to launch it by the end of the year.
- The Program committee will continue to host technical luncheons, tradeshow and satellite seminars in the next year at a subsidized cost to encourage attendance during this time of low oil prices. Events include:
 - The successful technical luncheon on October 7
 - A half day tradeshow in mid to late November
 - Technical luncheons in January and February
 - Time off for everyone to participate in NACE Corrosion 2016 in March in Vancouver
 - A satellite seminar in April/May
- The Career committee will continue to work to bring in more courses to Calgary:
 - Two CP1, one CP2 and one Coatings course in conjunction with the two CP courses are scheduled for Jan/Feb 2016.
 - Spring – Internal Corrosion Advanced and possibility of CP3 or Protective Coatings in Spring
 - Fall – Internal Corrosion Basic and Two Basic Corrosion Courses

Recent Events

Pipeline Management Systems NACE Calgary Technical Lunch

On October 7, around 80 people had a delicious lunch at the Calgary Petroleum Club and enjoyed the interesting and informative presentations on Pipeline Management Systems.

Thanks to the speakers for their great presentations:

- Milan Saric, AER – "AER Regulatory Update: Pipeline Management Systems and OAG Audit"
- Jorge Paez, Repsol – "CAPP Best Management Practice for Pipelines in High Impact Areas".

Mark your calendar!

Plan to attend the NACE Calgary Pressure Vessels tradeshow on November 26 at the Petroleum Club. Registration will be available soon.

ASM/NACE 2015 Teachers Camp

The Camp was hosted at U of C from June 22 to 26, 2015. Twenty teachers participated in a very busy week. They learned a great deal and were enthusiastic about different materials and experiments to take back to their classrooms. A majority of the teachers were from Calgary, but there were also a few from Edmonton, one from Camrose, one from Ontario, and 4 from the US (with one person from Florida!). They also toured the EEEL building to see some of the research and teaching labs. They also toured SAIT facilities and saw the on campus well site, the non-destructive testing lab, the applied research group and the environmental centre. Roger Crider and Ed Leong did a great job again this year as the instructors. 2016 Teacher Camp is June 20-24 at U of C.

Student Section News

SAIT Students learn about corrosion careers

NACE Calgary Student Section hosted an Introductory Presentation at SAIT on September 24. Forty SAIT students attended to hear three presentations on corrosion and to interact with the speakers. Thanks to the presenters for their very interesting talks:

George Gavelis, NDT instructor at SAIT (see photo)

Cynthia Skinner, student at U of C, former student at SAIT & logistics technologist at DCI technologies

Colin France, student at U of C, former student at SAIT

U of C Presentation on Stress Corrosion Cracking

The NACE Student Section also hosted 25 University of Calgary students and young professionals at an October 1 presentation by Dr. Jenny Been, corrosion specialist at TransCanada Pipelines.

Dr. Been talked about "Management of Stress Corrosion Cracking on Transmission Pipelines". The event provided a great opportunity for participants to interact with Dr. Been about corrosion.

About the NACE Student Section

Prospective industry professionals can build the right career foundation and receive educational resources with NACE International Student Membership. NACE Calgary is committed to its student members and offers a host of including opportunities to network with colleagues and learn from corrosion professionals, as well as favorable pricing for NACE Calgary events. To become a NACE student member, you must be enrolled as a full-time student at an accredited university or college – Visit the NACE Calgary website to learn more...www.nacecalgary.ca/student-membership.htm.
