NEWS

News about corrosion and the corrosion industry produced quarterly for members of NACE International in the Calgary area.

NACE Symposium a rich day of learning and networking...!

More than 70 people attended the November NACE Calgary Symposium on Effective Risk Management in Ageing Facilities at the Markin MacPhail Centre in Calgary Olympic Park. A Basic Corrosion introductory workshop was offered by Neil Park in the morning, and included several students and young professionals. The afternoon session included lunch, a trade show and four great technical presentations on the theme of the day:

- A.I. (Sandy) Williamson, P.Eng.: "IMPACT STUDY – International Measures of Prevention, Application, and Economics of Corrosion Technologies"
- Ravi Nagarajan: "A fire proofing solution is at your arms reach yet so far"
- Mario Salgado: "Raising the bar for the CP Industry"
- Daryl Foley: "Improving effectiveness and reducing cost of integrity management through a risk based approach"

Message from the Chair

Happy New Year! I hope that each of you had a wonderful Christmas and holiday season and that you're feeling refreshed and ready for the new year. I am hopeful it will be a better year for industry than 2016, but only time will tell.

We are excited about the coming months as we have a number of events coming up. These include the Northern Area Western conference only a few hours away in Edmonton, a January technical lunch on leak detection (stay tuned for details) and a number of courses.

We've included information in this newsletter about our annual sponsorship program, so if your company is interested in supporting NACE Calgary, take a look at the benefits of corporate sponsorship. We really appreciate these sponsors and wouldn't be able to offer what we do without them.

Thank you for your continued involvement in NACE Calgary and good luck settling back into work after the holidays.

Upcoming Events and Courses

Upcoming Events

Effective Pipeline Leak Detection Lunch and Learn

January 27, 11:30 – 1:30, Calgary Petroleum Club. [Click here](#) for information and to register.

NACE Northern Area Western Conference 2017

Surviving with Integrity

This event takes place at the Shaw Conference Centre in Edmonton on February 13-16. There is still an opportunity to register and/or book a booth. [Click here](#) for more information.

Upcoming Calgary Courses *

- **Coatings in Conjunction with Cathodic Protection**, January 8-13, 2017
- **CP1 - Cathodic Protection Tester**, January 16-20, 2017
- **CP1 - Cathodic Protection Tester**, February 6-10, 2017
- **CP2 - Cathodic Protection Technician** February 13-17, 2017

*[Click here](#) to visit the NACE International website for more information and to register.

Recent Events

- NACE Calgary October 21 Technical Lunch: **Challenges of Welding Carbon Steel Materials**, with two presentations: **Barry Messer** provided an update on findings, issues, and mitigation related to low toughness in **bon steel and low temp carbon steels**; **Ali Abari** reviewed the impact of **micro-alloying elements in welding carbon steel** materials intended for sour services.
- NACE Calgary Student Section November 14 Pizza and Presentation: **An Introduction to NACE** presented by **Jana Johnson, NACE Calgary Chair**.
- NACE Calgary Student Section November 29 Pizza and Presentation: **Pipeline Internal Corrosion** presented by **Dr. Zhenjin Zhu, Staff Pipeline Integrity Engineer, Technical Services with Husky Energy**.

November 10 **Speed Networking Event** at Craft Beer Market, facilitated by Cat Taylor: around 30 registrants spent a little over an hour, circulating through tables of two, introducing themselves and listening to others, all in the name of improving their networking skills. Attendees included everyone from university students to seasoned “corrosion veterans”, producers and vendors alike, software folks to lab folks to corporate managers. Don’t miss the next Speed Networking opportunity, likely in January, to network and meet new people in a fun and facilitated way.

Do you know about the NACE Member Forum...?

Member Forum

The NACE International Member Forum is a platform open to all NACE members looking to collectively shape and influence the corrosion industry among their professional peers, while also encouraging international and cross-industry networking opportunities.

Login to the Forum today and...

Ask an Industry-Specific Question

Pick a topic and engage with other members.

Solve a Problem

Be an expert in your field and help a fellow member with a question.

Connect with Members

Establish connections with members in your industry, or find members in a field in which you want to learn more.

Start a Group

Find peers who share your interests and start a group where only members may post.

CORPORATE SPONSORSHIP OPPORTUNITIES

www.nacecalgary.ca

The goal of NACE Calgary...

is to protect people, assets and the environment in Western Canada from the effects of corrosion.

We do this primarily through...

seminars, training and networking opportunities for people who are involved in corrosion prevention and control and through outreach to students, teachers, and the broader community

Sponsorships help us to achieve our goal and to serve our members...

by supporting the cost of our events and programs. In turn, we offer an opportunity for you to increase your exposure to individuals and organizations that care about corrosion control and the corrosion industry.

While we will continue to provide sponsorship opportunities for individual events, we also offer our current and new sponsors the opportunity to become an Annual Sponsor, in an effort to assist with annual budget planning. These donations will be used to support our Awards Dinner, Technical Program events, and networking/educational programs with SAIT and the University of Calgary.

The chart below describes our three levels of annual investment, along with the exposure you will receive.

Sponsorship Opportunities and Recognition	Gold	Silver	Bronze
Investment	\$5000	\$2500	\$1000
Free admission for up to three company employees to all Calgary based technical programs			
Recognition sign displayed at NACE Calgary Golf tournament			
Corporate booth can be displayed at NACE Calgary technical tradeshow			
Half page advertisement can be provided for inclusion in NACE Calgary quarterly newsletter (subject to NACE approval)			
Recognition at the following NACE Calgary Events: <ul style="list-style-type: none"> • ASM/NACE Teacher's Camp • Annual Awards Dinner – Program • SAIT/UofC Industry Mixers • Technical program & Satellite seminars 			
Recognition & company logo in NACE newsletters (4 per year)			
Company name, logo, and link on the NACE Calgary website			
Free Career Center job postings			

For more information, contact De-ann Perrey, de-ann.perrey@irisndt.com or sponsorship@nacecalgary.ca, 403-651-4143

An active certification equals an active career!

Keep your career active by keeping your certification current.

By making sure that your certification does not lapse, you will maintain your hard-earned credentials and continue to set yourself apart from the competition.

You can also avoid a reinstatement fee or possible suspension of your certification, which could affect your current and future jobs. Upon renewal your certification will bear the same value and will continue to represent your professional achievement of certification with NACE.

Certifications are eligible for renewal beginning 90 days prior to the expiration date.

Visit naceinstitute.org/recertify to renew your certification today!
